In the Matter of)	
WILLIAM PRITZ, D.D.S.)	Administrative Action
)	CONSENT ORDER

This matter was opened to the State Board of Dentistry upon receipt of information from the Enforcement Bureau, Division of Consumer Affairs, Professional Boards Section, that during a period from in or about 1982 through the present, respondent has obtained medications, including controlled dangerous substances, for use in self-treatment of a condition which is alleged to have been diagnosed as multiple sclerosis. The preliminary investigation also disclosed that respondent currently is physically incapable of practicing dentistry as a result of his condition. It also appears that respondent has distributed medications to other persons for non-dental cause.

In order to resolve this matter without recourse to formal proceedings and for good cause shown;

IT IS ON THIS 14th DAY OF NOVEMBER, 1988,

HEREBY ORDERED AND AGREED THAT:

1. The State Board of Dentistry accepts the voluntary

surrender of respondent William Pritz's license to practice dentistry in the State of New Jersey. Respondent shall submit any and all wall certificates including, but not limited to, his dentistry license, and DEA registration to the Board of Dentistry at 1100 Raymond Boulevard, Room 321, Newark, New Jersey 07102. Said voluntary surrender shall have the same force and effect as if his license had been revoked, and respondent shall immediately cease and desist any practice of dentistry.

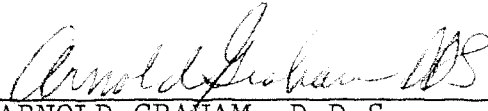

2. In the event respondent wishes to petition the Board for reinstatement of his license to practice dentistry in the State of New Jersey, he shall be made to appear personally before the Board, and he shall have the burden to demonstrate to the satisfaction of the Board that he is capable of discharging the functions of a licensee in a manner consistent with the public's health, safety and welfare.

3. Respondent shall submit to a medical and psychological evaluation by Board appointed consultants prior to requesting reinstatement of licensure. Respondent shall be responsible for the fee of the consultant for the evaluation and report.

4. Respondent shall cause and permit any prior or current treating physician or psychologist or hospital or clinic to disclose to the Board any evaluations which have been made of the respondent as well as any records and reports or other pertinent information.

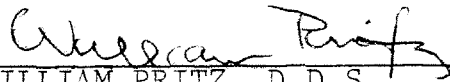

5. Nothing herein shall prevent the Board from

taking formal disciplinary action at any time in the future based on the findings of any investigation if it determines in its discretion that it is in the best interest of the public to do so.
